School Uniform Policy EV-S 0726

1. Objectives

- a. Everest Schools require students to wear a school uniform for the following reasons:
Equality and Social Cohesion:
The school uniform reduces visible differences between students, minimizing inequalities linked to family economic levels. This promotes a sense of unity and solidarity among students.
- b. Discipline and Respect:
Wearing the uniform fosters a culture of discipline and respect for the rules, contributing to an organized and structured school environment.
- c. Strengthening the School's Identity:
The uniform gives the school a visual identity, allowing it to stand out and reflect its values and reputation within the local community.
- d. Simplicity and Practicality:
For parents, the uniform simplifies daily clothing management and reduces pressure related to clothing choices.
- e. Respect for Culture and Traditions:
In the Moroccan context, the uniform can be adapted to respect cultural and religious sensitivities while promoting modern educational values.
- f. Preparation for Professional Life:
Wearing a uniform familiarizes students with adhering to a dress code, a habit that can be useful in their future academic or professional lives.

This approach reflects the school's commitment to creating a harmonious and inclusive environment focused on learning, discipline, and shared values. It combines practical, social, and educational objectives, while setting criteria for an accessible, affordable uniform that complies with the requirements of the Equality Act. Everest Schools are committed to implementing this policy with transparency and fairness.

2. Obligations of Our Schools Under the Equality Act

In line with the school's equality policy, our schools are committed to promoting equality and inclusion. The cost of the uniform will be fair for everyone.
